PRESENTS

LANSDOWNE PLANT

- Our Lansdowne Plant is, at present, under contract to the U.S. to turn out finished products useful to the development of our country.

FOUR YEARS OF PLANNED CONSTRUCTION

EARLY PROCESSES

SPECIAL CONDITIONING

FINISHED PRODUCTS

Dr. Carmon Ross

Dr. E. Carlton Abbott

• Three years have passed since Dr. S. N. Ewan, Jr. donned the uniform of a Lieutenant Commander in the United States Navy to serve, at present, at a Philadelphia post. Because of his association with Lansdowne High School, a special courtesy has been rendered members of our faculty who have joined the Navy. Although not in his regular line of duty, Dr. Ewan has been permitted to swear in these persons who feel that through this friend they receive a warm welcome into the service. Despite his heavy schedule, he does not forget L. H. S., and can frequently be seen at sports events, socials, and entertainments.

Our acting superintendent, Dr. Carmon Ross, recently completed his third year of excellent administration here. As proof of his rich background of experience, we have seen many valuable changes and adjustments in our school system. Through our new leader, we have been able to obtain a great deal of necessary equipment for which we are deeply grateful. With efficiency and calmness, Dr. Ross has met and solved many of our problems in a way that is characteristic of his outstanding ability.

Fortunate, indeed, is L. H. S. to be able to function under such competent administrative leaders. To augment the expert knowledge of these educators, our popular principal, Dr. E. Carlton Abbott, this year received his Ph.D. In realizing the further distinction thus acquired, we the faculty and students wish to congratulate Dr. Abbott heartily on his recent achievement. During the year he has found himself constantly confronted with many complex and baffling problems. As previously, he has met them with ingenuity at every turn and has brought us successfully through another school year.

Lt. Commander S. N. Ewan, Jr.

OUR PRODUCTION MANAGERS

School Board—Mrs. Rebekah W. Young, secretary, Mr. George P. Williams, Jr., Mr. Theodore S. Fetter, Mrs. Robert J. Tullar, Dr. Carmon Ross, Mr. Fredrick S. Underhill, Mr. Raymond T. Hoopes, Mrs. Roy F. Larson, Mr. Charles S. Musser, Mr. Thomas E. Willis, Mr. Frank A. Moorshead, Dr. S. N. Ewan, Jr.

• In these days we know how many complications face every organization. Our school board is no exception, so has found its duties increasingly difficult. The replacement of teachers has been its hardest task, but this, like all other problems, the members have solved as efficiently as in former years.

Ever ready to help us with perplexing problems is Mrs. Constance Jones, our assistant principal. Her time is well occupied as she is not only chairman of the guidance committee, but also faculty adviser for the Student Council. A sincere friend, she always has a helpful suggestion and cheery smile for everyone.

The high school office is the hub around which almost every activity of the school centers. This year Mrs. Woods, who has kept things running smoothly for fourteen years, left in mid-term to be replaced by Miss Jeanne Warren. A Lansdowne graduate, Miss Warren has proved her capability by undertaking so responsible a position at such a difficult time. She has found invaluable assistance in several students who have smoothed out rough places with helpful suggestions.

Mrs. Constance S. Jones

Miss Jeanne Warren

THE EXPERTS

• Nineteen forty-four brings many new war courses and the development of other courses from the wartime angle. Aiming for the production of expert scientists are Mr. Litwhiler, teacher of chemistry and physics, Mr. Epley, elementary and advanced biology, and Mr. Kleckner, general science.

The training of boys in math for the Army and Navy college programs is up to Mr. Fischer and Miss Lacey, who acquaint the freshmen and sophomores with algebra; Mrs. Morris, who explains angles and planes to the sophomores; and Miss McAllister, who carries on higher mathematics.

Future WACS and WAVES build up their physical strength under Miss Landis' guidance, and Mr. Horner supervises the physical education of the boys. Mechanical drawing, surveying, and shop work, all of which are invaluable to the war effort, are under the direction of Mr. Tammeryn and Mr. Wenzel. Young artists are under Miss Davis, who also teaches mechanical drawing to freshman boys. Miss Ankeny heads the Distributive Education department and gives students experience in the business world.

A new course, World Affairs, is presented to seniors this year under Mr. Griffin's leadership. Students are kept up to date in world happenings both past and present by Mr. Coronway in civics and ancient history, Mr. Snyder in modern and American history, and Mr. Drake in American history.

Languages will be of great help in the production of a successful post-war world. Introducing Latin to the freshmen and carrying it on to sophomores, juniors, and seniors is done by Miss Cook. Mrs. McConkey familiarizes students with Spain and its language. A knowledge of the French and their tongue is given to pupils by Miss Hoopes.

The English department teaches the students to appreciate literature and to speak and write correctly. Miss McCullough gives the seniors their final year of English, and Mr. Gershman has classes in English I. These two faculty members have charge of the Lahian, and Mr. Gershman directs Garnet and Gray publication. Junior English is under Mrs. Christ, who also teaches dramatics. A newcomer, Mr. Hand, has classes in junior and freshman English. The sophomores get their knowledge of English from Miss Hartman and Mrs. Christ.

Miss Rothermel looks after the health aspect, while Miss Stevens takes charge of foods and millinery. The way to a business career is pointed out by Mr. Kraber, Mr. Moore, and Miss Lacey with business math, shorthand, typing, and office training. Miss Sheaffer trains freshmen in the use of the library and gives suggestions on books in the library. Mrs. Stephens gives the girls latest fashion news and helps them put together their own creations. The A Cappella chorus, band, and orchestra are under the musical direction of Mr. Corbin.

SKILLED CRAFTSMEN HEED CALL TO COLORS

• Somewhere in England, somewhere in China, somewhere, seven faculty members of Lansdowne High School are serving their country. Lieutenant Merrill T. Stewart, the first teacher who enlisted, is stationed in Chungking, China. There he is a member of the Naval Intelligence Staff. Lieutenant (jg) James M. Wardrop, U.S.N.R., known as "Jungle Jim" to high school students, is in England in the Naval Ordinance. The lone service woman representing Lansdowne High School's faculty is Lieutenant Mary E. Lindenmuth who is stationed at Seattle, Washington as an Executive Officer for the Waves at the Naval Air Station. Ensign William M. Radcliffe is an instructor in Naval Pre-Flight School at Chapel Hill, North Carolina. He also is serving as Assistant Coach of North Carolina Basketball team. Captain W. J. Lowe is a Commandant of the A.S.T.P. Outfit at Pratt Institute, Brooklyn, New York. As an English teacher here at school, Captain Lowe was a favorite. In 1944 two "papas" went to war! These were Lieutenant (jg) Lincoln Atkiss and Lieutenant (jg) Harold Kramer. Both of them are stationed at the Armed Guard School in Virginia.

The above faculty members and addresses are as reported in January. Undoubtedly some additions and changes have been made since then. Therefore, the students of Lansdowne High School salute you, the servicemen and servicewoman who have recently been called to the colors, with the hope that you may have every bit as much success as those who have gone before you. The staff of teachers who have already joined the fight serve as an inspiration for young people to strive for that goal which this staff has reached, namely, to serve one's country and serve it well.

FRESHMEN

SOPHOMORES

JUNIORS

EARLY PROCESSES

Freshman officers Mertz, Purse, Deiss and Patton discuss happenings of the day.

RAW MATERIAL

READY FOR TESTING

• The class of 1947 has been successfully led by four of its most competent members. Peter Purse, as its active and popular president, guided the largest freshman class in the history of L. H. S. over the difficulties that were met. Lois Deiss, an able vice-president and Pete's hardworking co-worker, had an equally large share of toil throughout the school year. As the class secretary, Louis Mertz carefully kept notes of the meetings and took care of all other matters of business. The "47" financier was Bob Patton whose job it was to be sure the budget balanced. These officers with co-operation from other individuals and with only necessary advice from Mr. Drake, the class adviser, took responsibilities with competent leadership. All these officers are outstanding in their class. They have been exceptionally worthy in the jobs and have helped make decisions pertaining to the students and the school. We congratulate these officers for the fine work they have done.

Home room 54, *first row:* M. Barnes, F. Adams, R. Hogan, R. Galentino, M. Bierly, J. Berry, C. Carroll, G. Hattersley, J. Pancoast, J. Primick. *Second row:* J. Orsini, E. Wake, J. Yates, R. Stanfield, G. Holdsworth, E. Rupp, J. Maloney, R. Tebo, A. Costello, D. Dagit. *Third row:* R. Gorman, R. Watts, J. Diamong, D. Pease, N. See, C. Pusey, D. Landi, T. Hagy.

Krakower, E. Epley, M. Finnocchio, M. Viguers, M. Lamplugh, N. Albertson, R. Baskin, R. Gortner. *Third row*: J. Michael, W. Dorrance, P. Norton, A. Clark, R. Covey, R. Swift, W. Cox, J. Ough, A. Winters, R. Bourne.

Home room 58, *first row*: B. Navitt, J. Sheperd, E. Shell, A. Welte, M. McKelvey, K. Whiteman, L. Shelton, E. Lee, K. Powell, J. Keating. *Second row*: J. Eagle, R. DeHaven, N. Marvel, B. Kratz, S. Riley, S. L. Beard, S. Bradshaw, J. Pacitti, L. Livingston, C. Harvey, J. Salmon, R. Carmichael, T. Casey. *Third row*: T. Geary, W. Frommer, B. Williams, J. Pusey, F. Miles, A. Crawford, D. Richardson, H. Kerschner, W. Valentine, R. Eddy.

Home room 60, *first row*: J. Sponga, J. Davis, P. Carroll, D. Leibert, L. Mertz, G. Adams, B. Wagner, D. Fielding, M. Barnes, W. Trainer, E. Costello. *Second row*: G. Ernst, F. Derrickson, G. Monjian, L. Woefel, D. Sipler, M. MacMillan, R. Koedding, R. Walters, E. Wheeler, R. Wright, A. Leurs, J. Peters. *Third row*: J. Keahey, P. Wetzal, B. Streater, R. Robinson, J. Yarosz, C. Orndorff, P. Purse, B. Able, M. Orsini, G. Woollerton, E. Merker, W. Helms, W. Griest.

• Who are these scampering like frightened mice through the halls in the beginning of the school year, bumping into seniors and looking timidly at the teachers? Why, none other than the new freshmen fresh from junior high. With much speed and alacrity, the largest freshman class in the history of Lansdowne descends upon us with enthusiasm and willingness to work and cooperate. Many freshmen have already expressed their fine talents in poetry, sports, and music. Faith Adams has had one of her poems accepted by the National Anthology of High School Poetry. John Salmon, another popular freshman, is also our versatile trumpeter who is a member of Johnny Clover's Orchestra, the school orchestra, and band. Also, Bruce McCain is so keenly interested in sports that he participates in everything from football and basketball to

wrestling. The freshmen and their parents became acquainted with the teachers and students of L. H. S. by attending the Father and Son party given by the Honor Society, and by the Freshman Tea, given by the Girls' Hi-Y. Most of their class are members of the Victory Corps classes. During the membership drive for the Junior Red Cross, almost all the freshmen immediately enrolled, with Mr. Epley's and Mr. Kleckner's rooms having a hundred per cent membership. Thus the largest freshman class has been initiated into the first year of high school life. The freshmen and the upper classmen, too, all agree that they owe a great deal of their success to Mr. Drake, their class adviser. Good luck, Class of 1947, and may you continue your fine record!

STANDARDIZATION

Hosmer, Carroll, Casey, Sinclair and Williams take notes as Sec speaks.

Miss Sheaffer explains the card catalog to Richardson, Hughes, and Gortner.

B. Townsend talks with her adviser, Mrs. Morris, as J. Pancoast looks on.

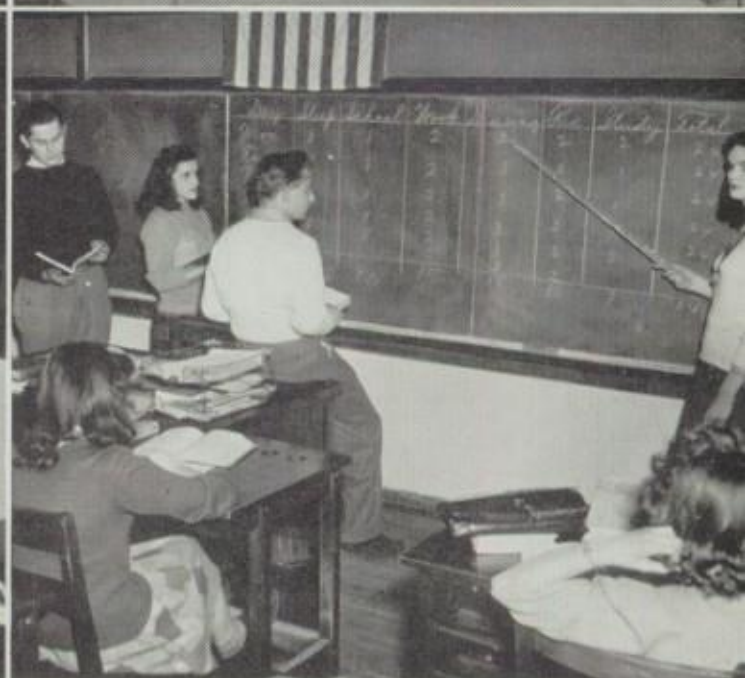

Griest, Pease, Ough, Gortner, Macy, Carroll and Beard act out a scene from "The Odyssey."

Wheeler, Krakower, Walters and Liebert bend eagerly over their sewing.

Markley, Pacitti, Meluzia and Johnson demonstrate how to fill out business forms.

IS ESSENTIAL

• The freshman curricula introduce many new subjects totally strange to these unsettled newcomers. Foreign languages intrigue them; commercial subjects puzzle them; math and history seem, at first, to floor them. The English course, although it includes some grammar, is comprised mainly of literature. Book worms revel in it, while comics' fans find it hard going in this classical field. The mathematicians taking Algebra I and General Math I find both courses require a great deal of work and study. However, their motto is "Never Say Die." In Junior Business Training, affectionately called J. B. T., Mr. Kraber explains the principles of interest and investment to future stenographers and office clerks. In the language department, Latin students pore over long vocabularies and complex grammar. Translations introduce such characters as Marcus and Julia, typical Roman children. The beliefs and superstitions of the ancient Romans also comprise part of the first year Latin course. French I linguists often reply with blank looks to Miss Hoopes' questions or commands in French. It's not at all unusual to see someone opening a window, when he has been told distinctly, in French of course, to go to the blackboard. Mrs. McConkey's Spanish I students will fit in perfectly with the Good Neighbor Policy. When they conquer Spanish, they will be able to get jobs in Rio and commute from Lansdowne by helicopter. While fellow comrades struggle with their languages, others delve into the puzzling and mysterious class of General Science. Here they prove statements with experiments; then record their findings. Last, but not least, come the two half-year courses, Civics and Ancient History. In Civics, Mr. Coronway helps to make better citizens by teaching the students the fundamentals of our governmental system. Ancient History traces the development of man from his beginning until present day. It's fascinating to discover how many similarities there are between the past and the present.

After a year in a course, such as any freshman takes, he is considered as a real Lanny or Lana Downes. Now he eagerly awaits the next "batch" of new arrivals, so he can chuckle over trials and tribulations he once knew.

Miss Rothermel explaining about the vital parts of the digestive system to a freshman health class.

A. Laloup, A. Schaal, K. Whiteman, V. Kratz, M. Lamplugh, and M. Bechtel whipping up a fancy cake in freshman cooking class.

M. Grieb telling freshman Latin class about Neptune while P. Bryant, P. Carroll, S. Brieger, A. Taylor, E. Meredith, N. Marvel, J. Geyer, M. L. Beckert, C. Crutchfield, M. Hosmer, B. Miller, and L. Keithly look on.

PRECISION BY SPECIAL TREATMENT

First row: D. Pease, A. Hafner, A. Headly, J. Stats, L. Kirifides, P. Purse, F. Schroeder, C. Steel, W. Wilson, R. Hopkins, A. Crawford, R. Bourne. *Second row:* R. Gortner, T. Geary, C. Faulkner, A. Bressler, E. Meredith, J. LePard, W. Dorrance, B. Williams, K. Powell, D. Hollisworth, J. Diamond, L. Wright, R. DeHaven. *Third row:* R. Baskin, Patton, W. Abel, J. Yarosz, R. Covey, R. Swift, J. Rollins.

First row: T. Casey, R. Covey, B. McCain, C. Ornodorff, R. Wright. *Second row:* Mr. A. Wenzel, D. Pease, J. Pusey, P. Purse, W. Abel, B. Williams.

• The youngest members of our school became accustomed to our rules and regulations early in the year. Their first taste of social life is through the Junior-Freshman party, the annual party given each year by the Juniors to the Freshmen. Every freshman asked, declares he had a great time. The freshman class has done splendid work so far as their activities are concerned. Nearly every individual of the two hundred and four members enrolled in the class has contributed in some manner to the success of his class. The sports record has been excellent, as there were twenty-six members on the football team under the direction of their coach, Mr. Litwhiler. Such names as Robert Baskin, Wayne Wilson, David Pease, Peter Purse, and Ted Geary were quite prominent. Coach Litwhiler believes that Robert Patton did the most outstanding work, although each member on the team worked hard and did his share. The other big freshman sport, basketball, under the direction of Mr. Wenzel, made a great showing. The game played with Eddystone favored us sixty-five to five. We beat Eddystone again with a score of thirty-nine to eight, and also in our favor was Darby, twenty-six to four. Robert Covey and Charles Pusey did the most for the team although McCain, Peter Purse, Abel, and Williams were good players also. As a summary, Mr. Wenzel believes that on the whole the team did very well. Mr. Drake, our freshman class adviser, points out that we have some outstanding personalities in our midst such as magician Neil See, and George Ernst who plays the electric guitar. He also believes that Home Room representatives, Neil See—No. 54, Robert Hopkins—No. 55, Robert

Le Pard—No. 57, Gordon Williams—No. 58, Robert Craig—No. 59, and Charles Orndorff—No. 60 have done a good job in keeping the other students well informed on all the matters brought up by the Student Council and all the other events around our halls. So you see, our raw material will make one of the best finished products in the three years of development which are still ahead. With such outstanding records as the class of '47 has shown so far in their school career, it is no wonder a good finished product is in the making.

Freshman Cheerleaders—*Kneeling*: L. Deiss, C. Hughes, J. Murphy, R. Walters. *Standing*: L. Mertz, M. Magens, A. Welte, L. Livingston, D. Sipler.

L. Mertz aims for a strike while L. Deiss and S. Beard wait their turns.

M. Nichols and P. Carroll sell candy at a football game.

S. Bradshaw leads the girls' military drill class.

ROUGH CASTINGS

THE SHAPING UP BEGINS

• The class of 1946 blew into the Lansdowne High School like an energetic breeze against the sails of a clippership and has been whizzing through the halls ever since. Taking the school by storm, they became gallant participants in every activity open to them and have made themselves an invaluable part of the school. The sophomore girls took charge of selling all candy at the basketball and football games and did a grand job. Under the guidance of their president, George Young, and vice-president, Ann Farquhar, a very successful Sophomore Hop was held. Although it was a closed dance this year, the sophomore boys and girls were all out for it.

Watch some of the up-and-coming sophomore personalities! Winifred Schanen, the class secretary, keeps a keen eye on Mr. Corbin. She is one of the pianists in the school orchestra, and Jack Elskamp, the treasurer, is seen in good jitterbug form at many of the dances. Max Shyne is a shiner in wrestling and John Jones (well known as "Ditty"), Dave Hopkins, and Jack Webb hold the sophomore spotlight in basketball. Peggy Ruth Bowers is a speedy Junior Varsity guard and Audrey Price, a basket-winning forward.

During football season, "Dittie" Jones and Calvin Engle did some nice varsity work. We can understand why the sophomores took second prize in the student assembly with Betty Smith dancing to Jean Schanen's accompaniment and Anne Louise Ayers singing for them. Joe Soravia is that red hot drummer in Johnny Clover's Orchestra. Babs Camp, Sara Mc Dermott, and Peggy Ruth Bowers do a lot for our *G. and G.*, and Babs Camp writes school high-lights for the *Delaware County Times*. Their Class adviser, Mrs. Esther Morris, has good reason to be proud of these industrious and vivacious sophomores.

Secretary, W. Schanen;
Vice President, A. Farquhar;
Treasurer, J. Elskamp; and President, G. Young
discuss the problems of the Sophomore class.

Home room 37, first row: V. Ziviello, M. Hall, B. Camp, A. Price, N. Cronrath, M. Dillingham, M. Morrison, P. Haring, D. Williams, V. McClure, H. Emmons. Second row: C. Haas, D. Shaw, E. Hesner, J. Whittle, B. Straub, L. Mack, D. Kaney, M. Bierman, D. M'Cool, B. Barnes, J. Storti. Third row: H. Crouthamel, J. Speidel, J. Muschamp, H. Roedel, W. Sullivan, J. Elskamp, R. Schmidt, E. Biggins, J. Powers, C. Swingle, C. Engle.

*Best of Luck Alen,
Liva D. Davies A & N*

L. Osborne points out a strategic place in the Southwest Pacific to A. Eicholtz, D. Zielasko, H. Kelley, and J. Berry.

The English students are interested in the model stage R. Dutton holds.

• Sophomores! They are now able to choose from a number of different courses. These brave souls are still plugging away at Latin, while still braver ones are attempting a combination of Spanish and Latin or French I and Latin. Plane Geometry finds all the Sophs at the school store busy buying rulers, compasses, and protractors. The biology students are learning what osmosis and respiration have to do with you and me.

The present sophomore class may be entitled Rough Castings now, but the talent and ambition they have already displayed certifies their position as finished products in "1946." As freshmen, their scholastic record was higher than their activities. This year it is reversed, for the sophomores have their hands in a number of pies. Brains and talents in minor activities go together, however, you can be sure they will maintain this high scholastic record. The boys are turning out to be top performers in football, basketball, and wrestling. David Hopkins, Ditty Jones, and Jack Webb all are excellent J-V Basketball players. In wrestling, Max Shyne, Calvin Engle, and David Larson have helped make the wrestling team what it is today. The girls have taken keen interest in *G & G* and *Lahian* work. Ella Dunlap, Peggy Ruth Bowers, Babs Camp, and Ann Farquhar are all essential workers. All are being carefully guided by hardworking Mrs. Morris, their adviser, who can be seen bustling around keeping things going right. Watch out! This class is going places.

NEW TECH

H. de Lisle looks on as M. Egbert examines a slide under the microscope.

J. LaRosa, D. M'Cool, D. Larson, J. Waring, J. Elskamp, B. Daugherty, and E. Dunlap puzzle over the mysteries of Plane Geometry.

SLIGHT DETAILS MEAN QUALITY

• Brimming with new ideas the class of '46 has swooped down and taken rightful possession of sophomore territory. Under the winning leadership of their president, George Young; vice-president, Ann Farquhar; secretary, Winifred Schanen; treasurer, John Elskamp; and with Mrs. Morris as chief strategist, they marshaled together all their forces to make the sophomore hop a huge victory. A new plan of attack had been evolved for the gala occasion, in that one person from each couple had to be a member of the sophomore class. Because of this new idea more sophomores "rallied round" this year than in any previous year and made the dance a huge social, as well as financial, success. Two outstanding workers on this project have been Caroline Fellows, chairman of the art committee, and Ann Farquhar, vice-president of the class.

In other activities, such as Victory Corps and buying war stamps and bonds, the class of '46 has kept up a consistently fine record.

To keep up the high spirit of the J. V. football team, Peggy Ruth Bowers, Elizabeth Smith, Helen Rebstock, Audrey Price, Anne Louise Ayers, Peggy Campbell, and Adelaide Eicholtz have exerted every effort to bring loud but concentrated cheering from the rooting section.

With a ready smile and a will to win, the sophomore girls have braved the teaming masses at our home basketball games in order to help the class out financially by selling candy. This group of salesmen has made more money on this project than any other class in Lansdowne's history.

The sophomore dramatics class with A. Eicholtz, D. Taney, B. Summy, J. Shuster, J. Waring, L. Minnich, S. App, P. Haring, and D. Williams (standing) K. Gross and M. Egbert (seated) gets under way.

Scribbler's Ink being made up by O. Hutchison, M. Seeley, M. Fallin, B. Geary, L. Obendorfer, P. Martin, A. Rodd, C. Johnson and W. Harkins with the help of Miss Hartman.

lots of luck to a swell piano player!
B.J. Geary

S. App takes her turn at homeroom responsibility.

The majority of this up-and-coming soph class have been sports-minded in football, hockey, basketball, bowling, and tennis. John Jones was a sub for varsity. Another sophomore, Dave Hopkins, is making good in boy's tennis. Five varsity men of this year's wrestling team are members of the class of '46. With the enthusiasm that the girls of this class show for hockey, the next year ought to see a winning J. V. hockey team on the field. Peppy, outstanding J. V. basketball players are Peggy Ruth Bowers and Audrey Price.

ASSEMBLED MODELS

CONVEYOR SPEEDS TOWARDS COMPLETION

Vice President, W. Campbell, President, R. Bosbyshell, Secretary, L. Obendorfer, Treasurer, M. K. Evans talk over plans of the junior class.

Although the junior class this year has been the smallest we've had since 1930, they have shown wonderful participation in all school activities. For example, under the leadership of Rodney Bosbyshell, president, and Wallace Campbell, vice-president, the juniors presented a very successful Junior-Freshman Party, Johnny Clover's Orchestra making an ultra-smooth background for the junior entertainers. Many other juniors are familiar to us all. Erdman Wilson, Lansdowne's actor and comedian, was seen in many of the school's plays and programs. Among the varsity cheerleaders, who led football and basketball fans many a time in song, were Lois Obendorfer, the class secretary, Mary Kay Evans, treasurer, Phyllis Martin, and Ann McMenamin. Charles Moore and Archie Smith, a stronghold of our football team, were among the first boys from our junior class to leave for the service. Both were given a fine send-off. At the Sadie Hawkin's Day "Leap Year Dance" the music was stopped in order to let the dancers honor Charlie Moore's departure for the Navy (and also his birthday) with a song and greeting. Archie's homeroom presented him with a farewell gift and a comical tin helmet which they made him wear throughout the little ceremony. Likewise, we mustn't forget the little people behind the scenes. They were the ones who made the plans and decorated the gym for the dances, the ones who worked in the cafeteria and helped set the stage for plays.

It would be impossible to name all the outstanding people in the junior class, but it is certain that their success in Lansdowne High has been due to a fine spirit of co-operation. We hope that next year, as seniors, they will be even more of a success.

Home room 45, first row: F. Campbell, E. Hurry, A. Hubbert, D. King, F. Benning, A. Blythe, P. Fraser, A. Correll, E. Carmichael, B. Saunders. Second row: G. Braik, E. Schultz, M. Stevens, J. Sharpe, B. McLaurine, J. Maimone, C. Goldhorn, E. Griffith. Third row: F. Kollé, D. Marks, J. Morton, A. Stewart, M. Nelson, H. Platt.

Mr. Atkiss distributes themes of the week to a junior English Class.

• The juniors often are heard to remark that the third year is the hardest. The truth may be learned by wandering down the halls, during class time, to see how they wrinkle their brows over perplexing problems.

How confusing shorthand seems to these uninitiated students. Optimistically they tell us that soon they will master this complex system of characters. The typewriter (how complicated it seems!) is another mystery. From the commercial department, too, come our budding stenographers. The juniors undergo two compulsory courses, English III and American History. In English, the third year of literary education ranges over the works of American authors. You'll find the students eagerly reading "The Crisis" or masterfully trying to digest "Thanatopsis." As the name implies, American History covers the development of our

*Boards of Luck
Marquette Seelay*

SPOT WELDING

country from its beginning until present day. Those exposed to this course fairly ooze facts from their finger tips. "Comment allez-vous?" we hear Miss Hoopes query. "Je vais bien, merci," comes the swift reply. This double talk comes from some of our third-year friends busily trying to conquer French and its idioms. From across the hall we hear the halting translation of Latin students decoding the oratory of Marcus Tullius Cicero. A few feet away, still more up-and-coming linguists are racking their brains. The romantic Spanish of our southern neighbors intrigues many of the students. Upstairs, the juniors share lab facilities with condescending seniors. Together they mix the powders, boil the acids, and break test tubes. What a life! The more mathematically-minded spend their time in one of two ways. Solid geometry wizards often engage in drawing endless triangles, circles, and squares. In Algebra II the math enthusiasts try to recall what they learned when they were freshmen, then add a few new tricks.

Another year has passed. The juniors now have in their grasp, various smatterings of all sorts of knowledge. These they add to the store collected from two years previous and feel themselves much the wiser. After all, next year they will return as full-fledged seniors.

Carlton Johnson

R. Jenks, A. McMenamin, and B. Wake select books from the school library.

• The class of "45" has led a very active and busy year, participating in practically all school activities ranging from the traditional Junior-Freshman party and the stately Junior Prom to the new unusual practice of apple picking and the difficult task of keeping in step on a muddy drill field. The class of "45" has engaged in activities helpful to the war effort, activities full of fun and boundless pleasure, and activities that hold very important places in school life.

This enterprising class has contributed many ardent boys and girls to the field of sports. In the lineups for football, hockey, and basketball games shine such names as Archie Smith, Betty Geary, Jimmy Mayer, and Adelaide Longacre. Half of the players on this year's Varsity Hockey team were junior girls; the boys' and girls' tennis teams also claim quite a few capable juniors. Fast sprinters, powerful wrestlers and accurate batmen hail from this energetic class. Looking over this excellent record, we must admit that the class of 1945 showed their prowess in sports.

Besides the competitors in the sports events, the juniors have also contributed many members to the band and the cheerleading squad. A well-known cheerleader is peppy Lois Obendorfer who has also made a mark for herself on the hockey team. The junior class has furnished the high-stepping drum majorettes, Dorothy Showers and Betty Saunders, pert maidens who add a great deal of color and variety to our band.

In the field of journalism also, the juniors have been holding their own. The *Lahian* must give well deserved praise to such hard-working staff members as Sally Westburgh, while the *Garnet and Gray* lauds the successful work of its girls' sports editor, Betty Saunders.

Although kept busy engaging in sports, parties, and other activities, the patriotic juniors have made sure that they

J. Jackson and B. Geary hop into J. Betz's car for a lift home.

N. Cochran sells defense stamps to P. Martin while A. Rodd records this amount.

Mr. Griffin, adviser, presiding over a junior class meeting.

B. Geary, K. Cole, M. Bricker, E. Wetzel, and G. Hart, busily working on decorations for a dance.

have plenty of time to contribute to the war effort. All are determined to do their part for victory. Five boys from the junior class joined a group of senior boys in alleviating the labor shortage on nearby farms by picking apples and other crops. Some juniors hold important positions in the Victory Corps, while others have obtained part-time jobs. Practically all the juniors put their spare cash into war bonds and stamps.

In social events, the juniors are also successful. They started off the year with the Junior-Freshman party. All of the freshmen had a wonderful time and the party was very successful. But the Junior-Freshman party was not the most important event on the Juniors' social calendar, for there was the long awaited Junior Prom. This dance met with as much popularity and success as the Junior-Freshman party at the beginning of the year.

The talented juniors have made a mark in music and have added musical ability to their list of accomplishments. A great many of them hold prominent positions in the orchestra, band, and A Cappella chorus. The juniors have also produced many talented artists who employed their skills in decorating for various entertainments. Some junior boys had the honor of ushering at commencement. A few junior girls were busily engaged around Christmas time in decorating the halls for the festive season.

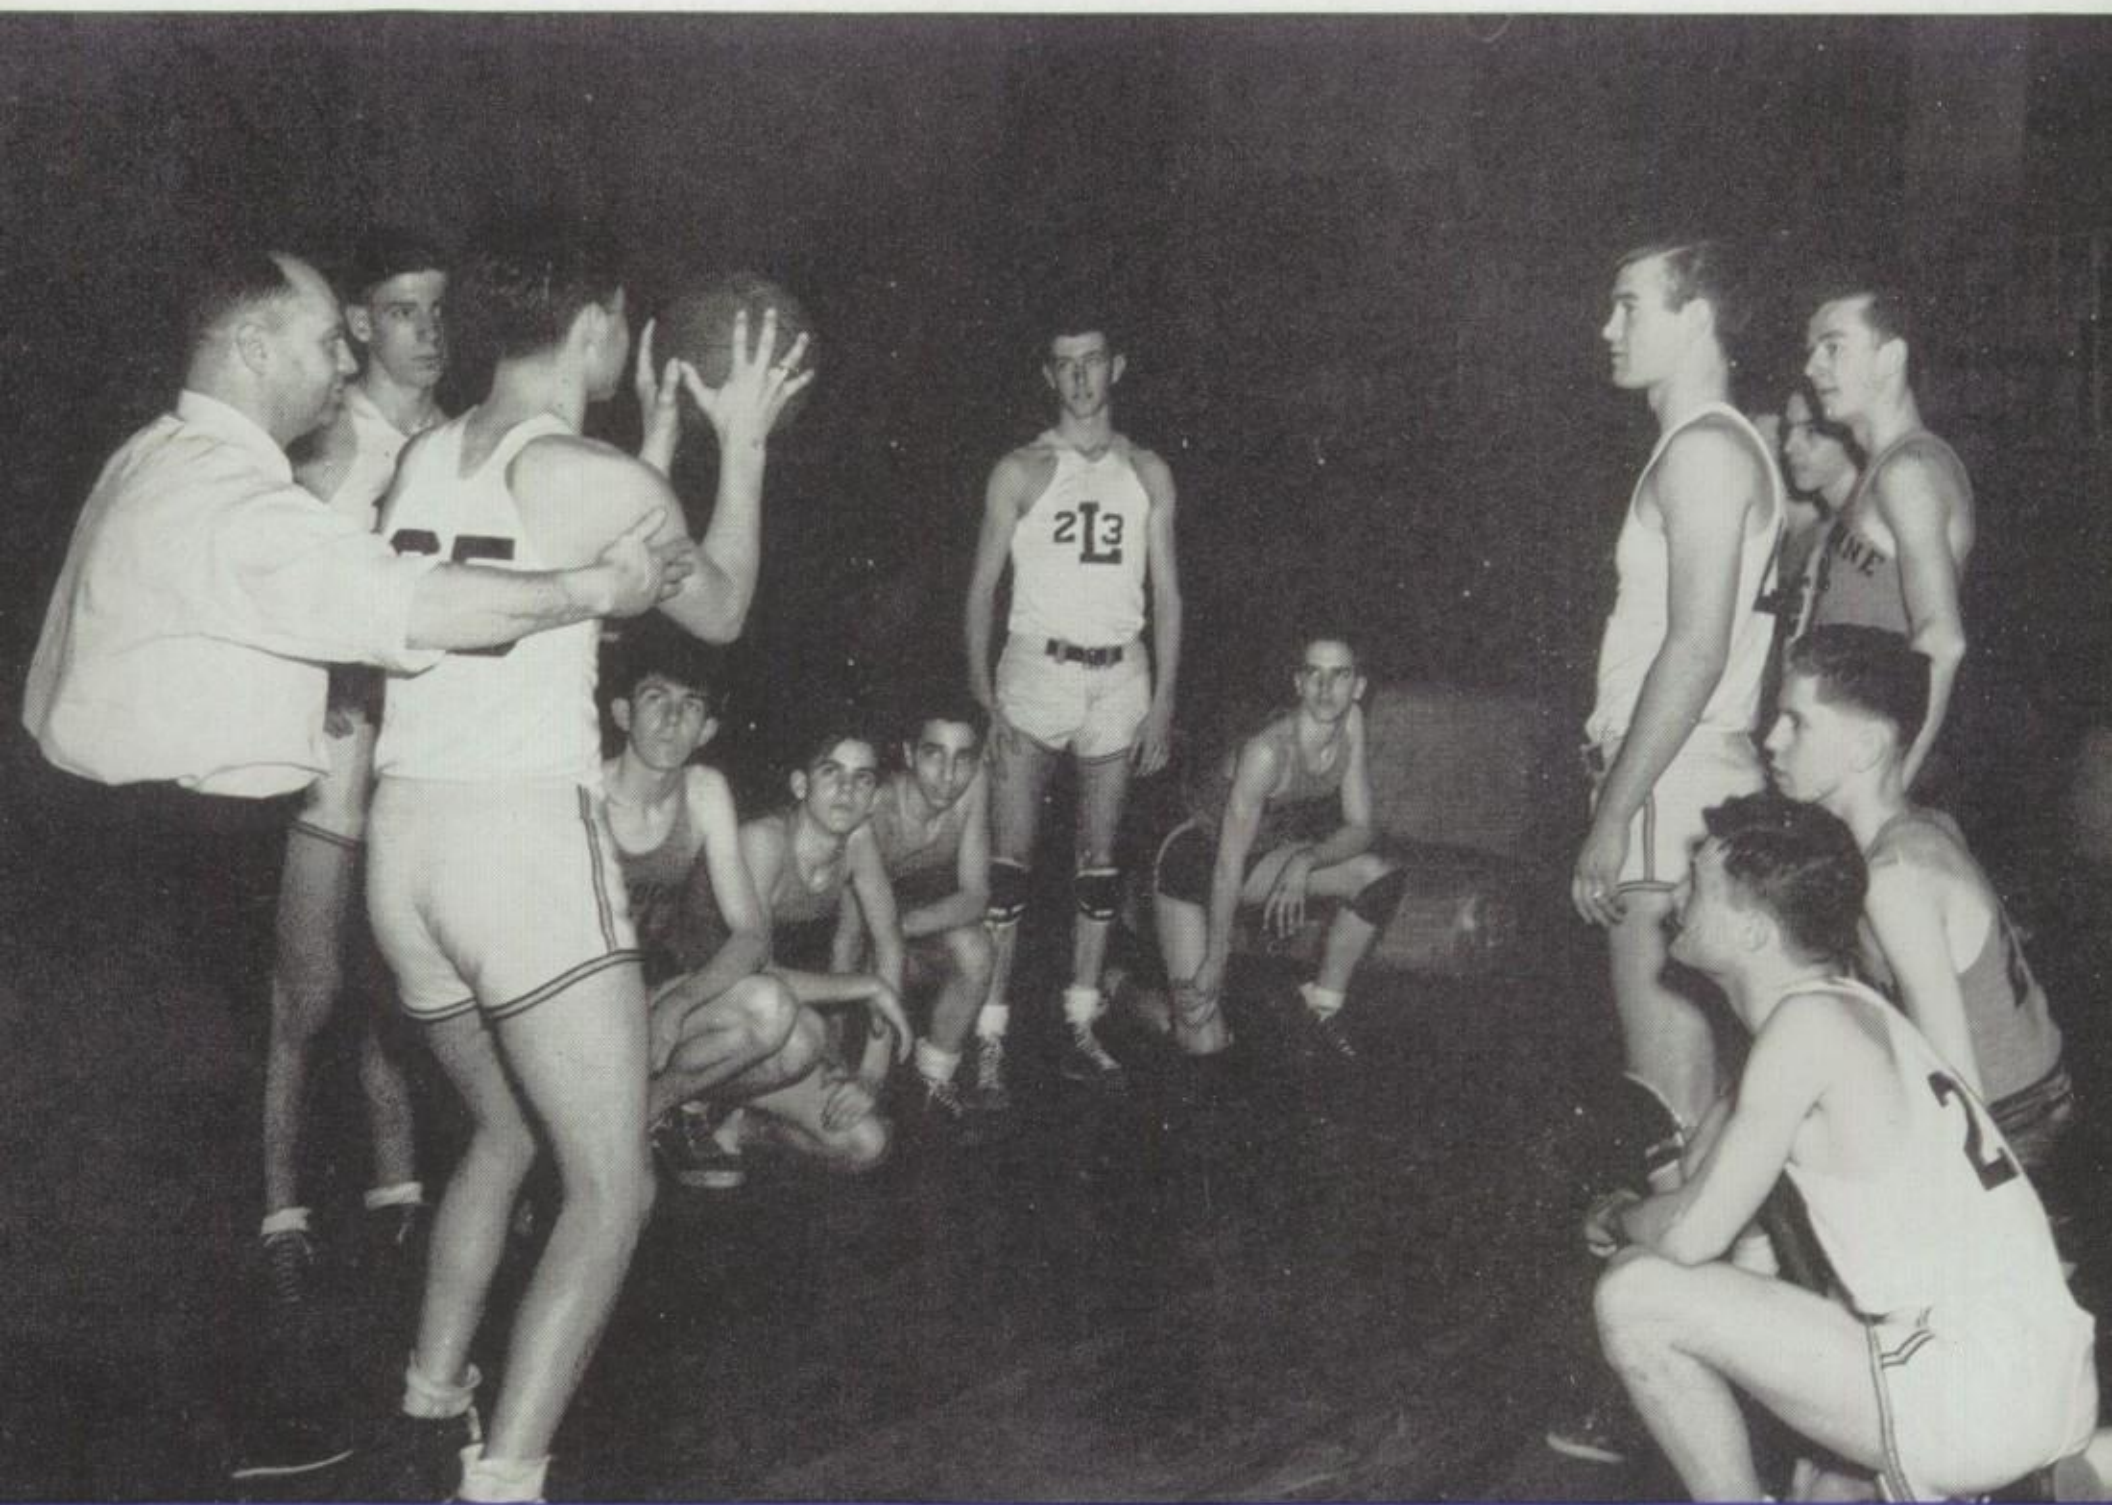

This year's junior class was well represented in all the activities that exist in Lansdowne High School. They were always busy, active, and energetic. No one can say that the class of "45" was not influential in the halls of Lansdowne High School. Leaving the bountiful fruits of this year's many activities behind, the junior class is now confidently heading toward a very successful, prosperous and happy senior year.

SPECIAL CONDITIONING

Student Council officers and Mrs. Jones are pleased with the amount of Defense Stamps sold for this week. *Left to right:* D. Betson, Treasurer; D. Dickerson, Corr. Sec.; Mrs. Jones; B. Hamilton, Rec. Sec.; P. Bressler, Vice President, and B. LePard, President.

• The Student Council is the personification of democracy in the school. Into the Student Council go the representatives of the student body. Here the sentiment of the school citizens is freely expressed and transformed to action. The Student Council is not a law making body; rather its function lies in the forming of school policy. It is this organization which determines the spirit of the school.

This year the most important function of the Student Council is the sale of war bonds and stamps. It has made an enviable record. During the single month of the Fourth War Loan Drive, the Student Council sold over ten thousand dollars worth of national security to our students.

However, the Council has not confined itself to patriotic effort. Thanks to the action of the organization, order is once again the rule in our cafeteria. The Student Council's progressive purchasing of new records provides an ever changing supply of current hits for the noon dances. These and many other innovations in school life prove our Student Council active and virile.

SPECIAL TREATMENT FOR EXCELLENCE

• The aim of every aspiring L.H.S. student is to be elected to the National Honor Society or the Hi-Y. Election is based on the four qualities of leadership, scholarship, character, and service. The Honor Society is made up of a certain percentage of boys and girls from the junior and senior classes. The Hi-Y members are drawn from the junior and senior girls. These students have all given freely of themselves to school projects and activities.

Each organization has a "get-together" in the fall to help the freshmen boys and girls and their parents to become acquainted with the school and teachers. These groups also manage the football stand during the season and sponsor a dance following a basketball game.

As a climax to the various events of the year, the Honors Banquet is given as recognition for those students of all classes who have shown that they, too, are loyal L.H.S. students.

The Girls' Hi-Y sponsors assemblies for the student body and sells tuberculosis crosses. At Christmas time, the girls decorate the halls with greens and send greetings to the boys in the service. Spring always finds the school rock garden flourishing under the Hi-Y's care.

This year's Honor Society leaders are Ted Richardson, president; Betty Hamilton, vice president; Anne Stevens, secretary; and Bill Le Pard, treasurer. The officers of Hi-Y, this year, are: president, Anne Stevens; vice president, Audrey-Jean Fuller; secretary, Ruth Kusner; and treasurer, Peggy Rose.

Girls' Hi-Y—First row: S. Stephens, M. Fallin, B. Fox, A. Valentine, C. Mann, E. Camp, K. LaRouche. Second row: M. Rose, M. Bressler, A. Fuller, B. Hamilton, A. Stevens, B. Fina, J. Tullar, A. DETAILED DIAGRAM PROVIDES EXPLANATION

• The staff of this year's *Lahian* felt quite a jolt in November when their faculty adviser, Mr. Atkiss, announced that he was leaving for the Navy. The staff was frantic, and painfully worried what would become of them and the year book. However, they tore their hair in vain, for the book progressed as smoothly as before with the aid of the competent new faculty adviser, Mr. Gershman. Then, too, there was Miss McCullough to help the members of the editorial staff complete their assignments. The *Lahian* has come through and again portrays the events that have taken place in the halls of L.H.S.

This year's staff have worked hard, efficiently, and thoroughly to make the yearbook a success. Under the ardent leadership of Milton Westphal, editor-in-chief, Audrey Fuller and Elizabeth Bunting, associate editors, and Anne Stevens, literary editor, the editorial staff has managed to hold its own and furnish the writeups for the 1944 *Lahian*. Likewise the business staff has succeeded in obtaining the necessary advertisements and subscriptions. This staff should be highly commended for the fine job they have completed. They would not have succeeded so well had it not been for the efforts of their capable business manager, Emily Camp. The art staff, too, has done valuable work. Ned Beard deserves praise for the delightful sketches which lighted the pages of the *Lahian*. Ruth Kusner, the art editor, is responsible for the unusual layouts.

The workers on the 1944 *Lahian* have worked hard to present this year's book. Now they have successfully completed their task and hope that you will get a great deal of enjoyment from this edition.

Mr. Gershman, *Lahian* adviser, and editors A. Fuller, M. Westphal, E. Camp, and R. Kusner plan the 1944 *Lahian*.

Mr. Gershman giving out a few hints to future journalists, B. Hamilton, M. L. Rosenberg, B. Paravicini.

REPORT TO THE STOCKHOLDERS

• The *Garnet and Gray* has just terminated a year in which it even has succeeded in passing its former high standards. The many hidden nooks and crannies of L.H.S. provide excellent news and gossip sources for busy, energetic reporters. Not a single item escapes their vigilant eyes. As a result, eager readers are always completely informed on school activities. Everyone at L.H.S. is exceptionally news conscious (or should we say gossip?) resulting, not only from reading the paper, but also from listening to snappy *G. and G.* newscasts, presented in assemblies. Under Mr. Gershman's excellent supervision, each issue of the *G. and G.* is awaited with anticipation by every student. High commendation from the staff has been accorded the editor-in-chief, Mary Lou Rosenberg, and her associate editors, Bea Paravicini and Betty Hamilton. A much-read column in the paper is Bea's "The Home Front." Under the competent leadership of Emily Camp, the business affairs of the paper have rolled smoothly. Besides this important task, Emily has also successfully carried the position of feature editor. The field of sports is eagerly surveyed by Dick Betson and Betty Saunders, their eyes peeled for the latest developments. In charge of the exchange department, we find Sara McDermott, while Lucy Lowry supervises the editing of the news. Completing the staff is a group of ardent on-the-job reporters. We congratulate the entire staff on their high achievements this year.

*Good Luck Alice

"45"*

The "G. & G." Staff works on the next issue. M. L. Rosenberg, B. Hamilton, B. Paravicini, E. Camp, B. Shaw, L. Lowry, D. Betson, and B. Saunders.

Addressing "G. & G.'s" for service men are S. McDermott, B. Shaw, D. Betson, P. R. Bowers, M. L. Rosenberg, B. Paravicini, E. Dunlap, L. Lowry, and B. Camp.

Preparation For

Mr. Griffin going over last minute details with Victory Corps officers, Hamilton, Richardson, Stevens, Fox, and Engle.

• Lansdowne High School's greatest contribution to the war effort is its Victory Corps, organized in 1942. It has proved Lansdowne High's determination to back up the boys at the front. We all realize much can be done by high school pupils toward winning the war.

Mr. Griffin, faculty adviser, has contributed many very welcome suggestions and has given up much of his time to this project. His excellent leadership has made our Victory Corps one of the finest in the state.

Mr. Earl Brumbaugh is the chairman of the Advisory Council, which is made up of seven Lansdowne citizens; one teacher, Mrs. Morris; two pupils, Betty Hamilton and Bob Engle; Dr. Ross, Dr. Abbott, and Mr. Griffin. This council meets to discuss problems which concern both the community and the school. In this way the corps and the town work in close cooperation.

Mr. Richard I. Griffith presents flag to Bob Engle while Richardson, Mr. Hosmer, Mr. Griffin, Mr. Butler are looking on.

Military Service

Bob Engle is our Student Commander, and his executive director is Capt. Lewis Steinman. Capt. Betty Hamilton heads General Membership which is open to anyone in the school who fulfills the requirements. The Special Divisions, open only to juniors and seniors, are headed by Ted Richardson. The divisions are divided in regular military order and are headed by lieutenants, sergeants, and corporals. First Lieutenant Beryl Fox and First Sergeant Martha Stevens keep accurate records of attendance and the amount of scrap collected.

Collecting much needed scrap rubber, scrap metal, tin cans, and Red Cross articles is one of our Victory Corps main functions. Every third week in the month, part of the day is devoted to canvassing the entire town for these materials. Since each platoon is assigned a certain area of the town in which to work, there is much competition to see which is able to

Capt. Steinman instructs Muschamp, Baselice, Helms, Norton, McCadden, Hitchins, S., Hitchins, P., See, Cook in military drill.

collect the most scrap. Also, additional points are given to the platoons chosen to accompany the Lansdowne selectees to the station. Twice a year, as a reward for much hard work, a party is given to the platoon with the winning score.

Special classes have been added to our roster for the duration, such as Radio Code, Red Cross, Military Drill, Navigation, Aeronautics, etc.

Lansdowne High School is proud to say that it is doing its utmost toward winning the war and making a world safer for the future.

First aiders: A. Laloup, J. Joyce, W. Valentine, E. Wheeler, B. Harlan, W. Zeigler, M. Bobb, P. Haring, M. Forsythe, J. Doft, L. Viguers.

To a fellow Model - J. K. Kelle

SPEED THROUGH RELAXATION

• The musicians of Lansdowne High School again found pleasure in band, orchestra, and chorus activities. There were many concerts given both for the school and the community. The orchestra, consisting of about thirty-five members, played for the senior play in November, the Century Club in February, and, in March, the year was high-lighted by a trip to Haverford for a combined program with the Haverford Orchestra. There was a fine variety of music. Two symphonies as well as lighter music were rehearsed and played with much interest among the students.

Again this year, the band, besides putting zeal into the team at pep rallies and spurring them on at crucial moments at football games, served as an essential part of the Victory Corps by accompanying departing draftees to the Lansdowne station. This fine group, with Drum Major Calvin Elliott leading, gave the boys a memorable leave-taking. The choruses were also busy. The A Cappella has appeared at many community activities as well as school assemblies. The freshman girls' chorus entertained parents and students in January as a prelude to a talk by Dr. Burns. We were especially proud of our freshman boys' chorus, for in March the boys, along with a selected group from the Junior High School, were invited to sing at a sectional meeting on vocal music during Schoolman's Week at the University of Pennsylvania. This was quite an honor to have been selected, and we congratulate Mr. Corbin and his boys' chorus. Thus does Lansdowne share its music with others. "Music Maintains Morale."

W. Shannon and A. Correll practice a piano duet while J. Shannon and F. Kelle follow the score.

Some of the boys in the brass section get together after band practice.

PRESSURE STRENGTHENS FIBERS

• This year the Distributive Education program, under the direction of Miss Mildred Ankeny, hit a new high. The distributive education classes consist of sixteen boys and girls, who attend classes in the morning and work from twelve o'clock on through the afternoon and evening. An average of thirty-two hours of work a week has been achieved. Dorothy Ripple, a senior, works at the Penn Fruit Food Market. She has complete charge of seeing that certain merchandise is properly ordered, stamped, and refilled in one section of the store. Many students hold jobs in clothing stores such as Jacob Reeds, Lit Brothers, and Dewees.

Christmas time was unusually busy for students this year. For the first time in his-

P. Baselice, C. Goldhorn, L. Reid, J. Martella, J. Mayer, and D. Wilkinson getting practical experience in auto mechanics.

J. Murphy dispensing gasoline on the job.

tory, school was closed one week earlier than the usual Christmas vacation for students who cared to work to relieve the Christmas rush. Forty five boys worked at the post office. Industrially speaking, one hundred and forty students held a variety of essential jobs. Department stores were filled with Lansdowne boys and girls this year. Altogether there were two hundred and ninety-six workers at Christmas time. Approximately \$8,500 was earned in all.

Miss Ankeny has done exceptionally well in getting suitable jobs in the fields in which the students are interested. Many fine reports have come back to her. Keep up the good work, students of Lansdowne High School!

A. Mayo, A. Wright, V. Shelton, and L. Clark compare textiles.

R. Hoy and C. Wolfe take inventory in the school store.

DEMONSTRATION

F. Mansure, E. Camp, D. Dodd, and B. Atherholt in a stormy scene.

• A buzz of excitement and eager anticipation filled the air as the curtain went up on this year's senior play, "Ring Around Elizabeth," produced by our expert director, Mrs. Christ.

This bright three-act comedy was the story of a mother, portrayed by Anne Valentine, who had been driven to the point of distraction by her troublesome daughters, Mercedes (Emily Camp) and Jennifer (Ann Boswell) who had fallen in love with a no-account playboy, enacted by Dick Stouffer. She was also harassed by her lazy husband, played by Bob Atherholt, her selfish mother (Rita Everest), and a stylish guest (Doris Ann Dodd). Frank Mansure took the part of the father-in-law who was constantly dashing off to a fire. Beatrice Fina, as an independent maid who was always threatening to leave, kept the audience in laughter, especially when she made love to a policeman (Russell Turner). All enjoyed this comedy immensely.

Elizabeth lectures to her family.

OF METHODS

C. Moore, P. Hertl, B. Atwood, G. Bach, and J. Woelfel industriously put up the set.

D. Whitley, as Harriet, makes an exit.

D. Dodd, F. Mansure, B. Atherholt, A. Boswell, B. Fina, and R. Everest look on as R. Turner escorts Anne Valentine into the room.

To one of the sweetest girls of my years. Love Bill E. H.

LINE OF STRENGTH

• This year's football team was not as good as was expected. However, numerous injuries were partially the cause of the poor record. With only two returning letter-men and none too bright prospects, Coach Fischer set out to build Lansdowne's 1943 football team. After much work a fairly strong aggregation was developed. Although only a poor record was realized, the team gave their all in every contest.

The line did not live up to expectation. Although big, they were very slow and therefore slowed up both offensive and defensive measures. The wing positions were capably held by Tom Nickels, Ed Jordan, and Bill LePard. "Big Don" Wilkinson, Archie Smith, and Henry McGarry gave several stellar performances. Harry Platt, Ralph Terrell, and Jack Eliason shared the guard positions. All three played outstanding ball. The center position was adroitly taken care of by Willis Zeigler who went out for football for the first time this year.

The backfield was composed of a group of specialists. Bob Engle became an outstanding blocker and excellent signal caller. Bill Beers proved a strong bulwark on defense and also a powerful line buckler. He was also a superior punter. Walt Locher's specialty was passing. His accurate throws resulted in many valuable yards. Jack Powers, who received third team All-Suburban honors, was a spectacular open-field runner. Jack was injured early in the season, but played outstanding ball nevertheless.

The opening game of the season with Media showed what Lansdowne High's football team would develop into. A fairly strong defense, especially the last five yards, a poor pass defense, and a fair offense were noticed.

The Ridley Park goal post trophy was passed on as the result of a 0-0 tie. This was one of the toughest contests of the year. Ridley Park came with a strong and confident team. When the dust had cleared, the score was 0-0, and a closely contested battle had ended.

The Springfield game was probably the roughest and toughest game of the season. Locher's pass and Powers' subsequent thirty yard run resulted in Lansdowne's first touchdown of the year. Bill Beers crashed over for the second touchdown, and L.H.S. led, at the half, 13-0. However, a rejuvenated Springfield club rebounded and tied the score at 13-13.

The Swarthmore and Haverford games were undoubtedly the best played and most exciting. In the Haverford game, two evenly matched teams fought to a close decision. Haverford's last minute touchdown won the game 21-13. The Swarthmore contest was the high light of the season. Although the game was lost, no one on either side could say that one team had outshone the other. In the game, the Underhill Trophy was surrendered to Swarthmore.

Engle about to tackle the Upper Darby runner in the season's most spirited game.

Standing: J. Bard, R. Bosbyshell, J. Mayer, E. Jordan, R. Lonergan, J. Powers, W. Beers, L. Reid, D. Hopkins, J. Jones, C. Wetzal, Mr. Kleckner. *Kneeling:* G. Young, D. Baselice, J. Webb, N. Cochran, R. Wall, G. Karsner, D. Williams.

R. Lonergan, R. Wall, N. Cochran, W. Beers, J. Webb, and J. Powers practice under diligent supervision of Mr. Kleckner.

• This year Coach Stanley Kleckner, successor to Lieutenant Harold Kramer, attempted to mold a winning combination for Varsity games. From last year's outstanding Varsity team came Jack Powers, Bob Lonergan and Jimmy Mayer. From the J.V. champions of last year came Eddie Jordan, Rodney Bosbyshell, Bill Beers, Walt Locher, Brud Reid, and Bob Engle. Although the season was not up to the usual standard, the team showed outstanding ability while playing against Upper Darby and Collingdale.

Jack Powers set a new scoring record of twenty-eight points in a single game. Mayer was high scorer, exceeding Powers by one point. Bob Lonergan won the basketball

trophy as the most valuable player on the team, and his name was added to the foul shooting plaque. Also, he was selected to be a member of the All-Kiwanis Team.

The Lansdowne quintet gained third place in the Kiwanis Tournament when they played their best ball of the year in beating Nether Providence in the consolation game.

The freshman basketball team came through this season with flying colors under the guidance of their coach, Mr. Wentzel. They were the first freshman team to beat Upper Darby and win second place in the league. Bob Covey scored the most points in the eleven games.

HARDENING FOR DURABILITY

• Coach Horner's wrestling team had one of its most successful seasons this year. The grapplers won six out of eight meets; placed a close second in the District Championships which were held here again this year, and produced three District One Champions. The matmen lost a close meet to Abington by a score of 20-19, but won six of their meets by impressive scores. Lansdowne's individual district champions in the tournament were Bruce Harlan, one hundred twelve pound class; Captain-elect Gene Troiano, one hundred thirty-eight pounds, and Charles Garabedian, one hundred forty-five pounds. Ernie Wake, Max Shyne, and Don Wilkinson placed second in the tournament. Don was individual high-scorer in this district, as he pinned all of his seven opponents in the team meets. Another wrestler, Walt Powell, was undefeated in the ninety-five pound class but unfortunately broke his wrist before the season was over. Mr. Horner has prospects for a great team next year built around the numerous non-graduates of this year's squad.

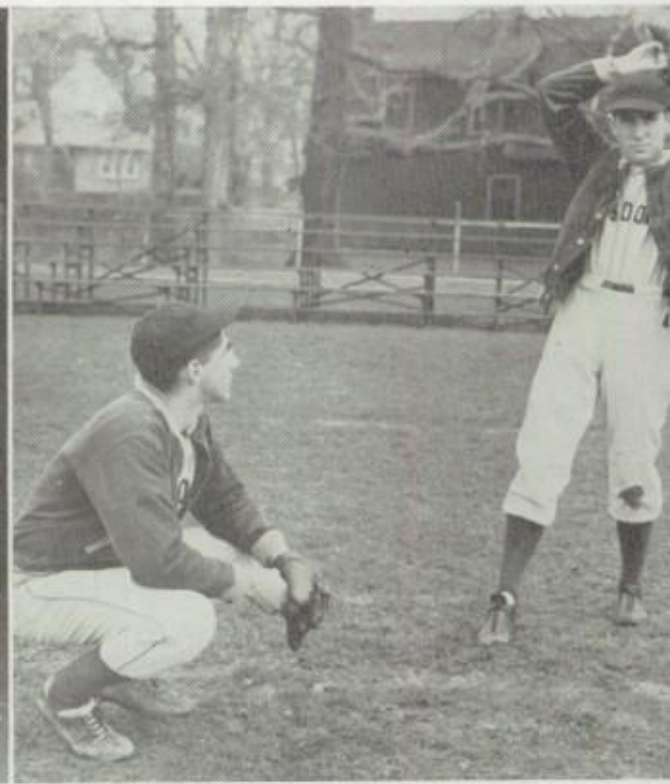

• Last year's championship nine consisted of Kenny King and Captain Frank See, doing most of the hurling. The rest of the infield consisted of Beers catching, Koedding and Bosbyshell at first, See at second, Mayer at short, Townsend at third, with Hamphill, Gregory and Craig patrolling the outfield posts. This splendid record can in great part be credited to Coach Horner for his untiring efforts.

In one of the most heart-breaking games of the season, Lansdowne was leading Chester 1-0 in the last half of the ninth inning. Although Lansdowne lost two to one, it was one of the most spectacular games of the season.

Under the new leadership of Coach Litwhiler, the varsity baseball squad prepares to equal, or at least approach, the mark set by last year's championship nine. With Captain Bill Beers, Rod Bosbyshell, and Jim Mayer, the returning veterans, and with Bernie Gorman, Bill Grace, Norm Cochran, and Dan Baselice, the team should continue to play the same hustling brand of ball as last year's nine.

On mat are Schroeder, Carmichael, Clark, Sorana, Rupp, Hopkins, Westcott, Wake, Gortner, demonstrating a hold-down. Standing: Newman, La Rosa, Kinfides, Taylor, Larson, Sullivan, Brown, Larson, Mr. Horner.

Harry McClaren watches Bernie Gorman warm up in the bull pen.

Lansdowne 73	Episcopal 41
Lansdowne 59	Eddystone 49
Lansdowne 54 $\frac{1}{3}$	Swarthmore 53 $\frac{2}{3}$

J. Powers shows his track form.

• The 1943 track team had a very successful season. They were undefeated in their dual meets, which included a victory over Swarthmore's highly rated team, and finished in third place at the Delco Meet. At the University of Penn Relay carnival they won another third in the mile relay. They also were second in the Suburban Championship mile relay at Norristown, besides winning several places at the District One Championships held at Upper Darby, and the Villanova Interscholastic Meet.

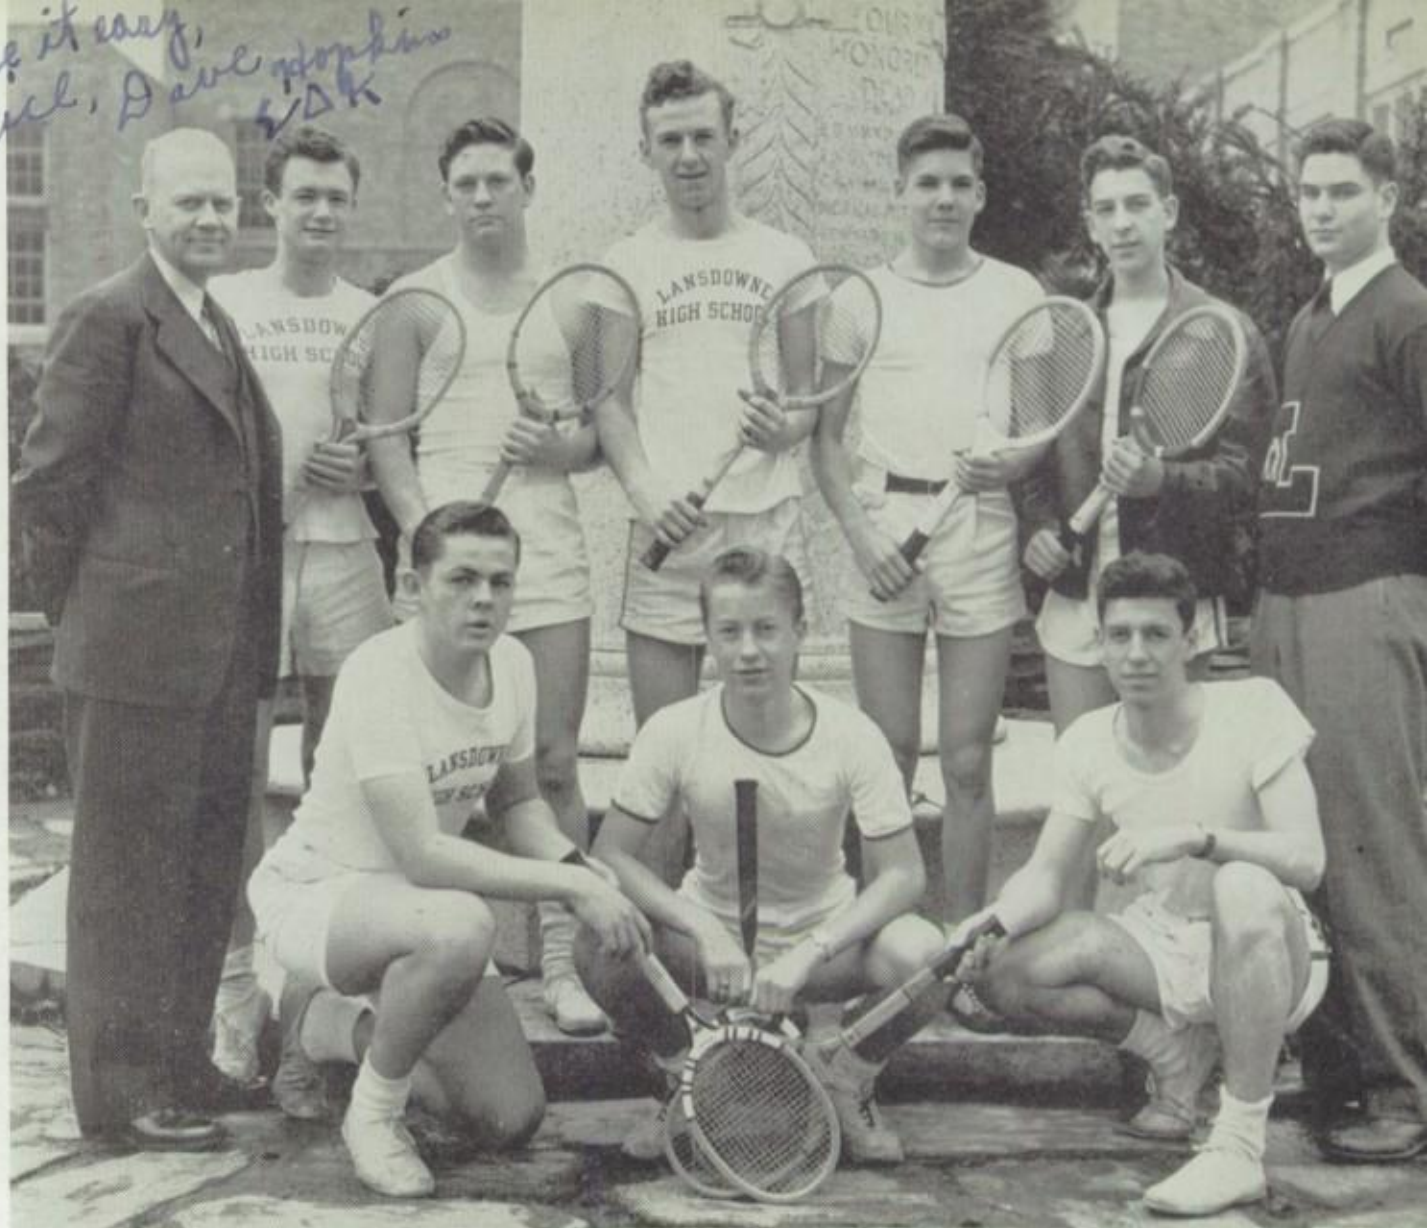

The principal point winners on the team were Bill Plate, Bill Leary, Jack Powers, Pete Larson, Clifton Adams, Willis Ziegler, and Bruce Harlan. One of the largest groups of candidates in recent years turned out for the squad and was swiftly transformed into a very formidable team under the watchful eyes of coaches Atkiss and Fischer.

Mr. Horner, who will take over the duties as track coach this year, will have as a returning nucleus from last year's team three lettermen: Bruce Harlan, in the pole vaults; Dick Hart, in the 880; and Jack Powers, in the 220 and 440. Other holdovers from last year are Bill LePard, who should develop in the 880; Charley Garabedian, who is expected to garner points in the mile; and Max Shyne, in the 100 yard dash. In the field events, Bob Lonergan, Walt Locher, and Ray Johnson are expected to lead the way. Although there is a scarcity of returning material from last year's team, a large turnout of new prospects is expected again to make this a successful year for track.

FLEXIBILITY DEMONSTRATED

• Losing last year's Suburban League championship to Lower Merion, in a heart breaking match, B. Wycliffe Griffin's netmen will be seeking revenge this year. This year's squad will be built around two of the outstanding players of this district, Ed Jordan and Dick Betson. Both will rely on their past two years' experience, as well as on their tournament play, in battling their opponents. Reid Cordier, holdover from the championship team of two years ago, and Harvard Cup winner Dave Hopkins will probably fill out the singles. The doubles will most likely feature such racqueteers as Jack Webb, Bob Forrey, Bill Smith, and Jack Clothier. Matches have been scheduled with Abington, Radnor, Norristown, and Upper Darby as league foes and with Hill School, Haverford School and Episcopal. Lower Merion and Upper Darby should furnish the most trouble. Betson, who has been undefeated in league competition for the past two years, holds six titles in tournament competition including the State Junior championship. Both he and Jordan are in the first ten in the Middle States Junior rankings with Dave Hopkins fourth on the boy's list. With these stars, Lansdowne's tennis team should add more laurels to the history of Lansdowne tennis.

D. Betson demonstrates his serve.

Two really sweet gal and friend.
 See you'd meet right, please you
 come to the Gwynne Hotel this summer.
 Mary Kay

Best of luck to
 a solid girl
 and a wonder-
 ful pianist.
 Keep it up. I'll
 see you in chorus
 next year.

 Lois

EVIDENCE OF QUICK ACTION

MORALE BUILDERS

Top row: S. Sears, P. Bressler.

Middle row: P. Martin, L. Obendorfer, A. McMenamin.

Bottom row: M. Evans, A. Boswell, S. Price, J. Geary.

• In cooperation, glamour, and pep, no other group of girls could come near to matching the cheerleaders' ability to combine all three qualities with such apparent ease. These five seniors and four juniors work very hard to please the students by leading the traditional cheers in new and novel ways. Through the careful planning and enthusiastic leadership of their co-captains, Peggy Bressler and Shirley Sears, and with the helpful guidance of Mr. Corbin, their sponsor, the girls have been able to purchase new white pleated skirts and garnet sweaters this year. The cheerleaders' snappy actions and appearance make Lansdowne High proud of them.

Lansdowne High has a right to be proud also of all the girls' teams. Although none of them has been a district champion, they all play with spirit and sportsmanship. Although lacking experienced players, since only five of the varsity had ever played in a game before, Miss Landis, the new girls' coach, has produced a steady, driving hockey team, which is particularly good on defensive play. Since seven of the varsity team are juniors, the prospects for a successful '44 hockey season seem bright. This year the Bergner Trophy for the most outstanding player has been given to Ruth Kusner, captain of the team.

• With improved passwork and a new spirit of cooperation, the girls' varsity basketball team has been able to finish the season in good style. The guards on this year's team have worked tirelessly to keep their opponents' score down. Jean Geary, captain of the team, and Nancy Ault, class of '45, are really in there when it comes to sinking those shots. Experienced varsity players, Betty Geary, Adelaide Longacre, and Elizabeth Wetzel provide good material for next year's team.

The J. V. team has piled up more victories than the varsity and has gained valuable experience. Against Glen-Nor they played a particularly fast and well coordinated game.

Much interest has been displayed in intramural basketball on the part of the girls of Lansdowne High School. Especially enthusiastic are the freshmen who have taken full advantage of this opportunity to play basketball outside of gym class.

This year's tennis team is being built around the two Bierly girls. Barbara, a junior, won many matches for last year's varsity team. Her sister, Marion, a freshman, plays a sure, fast game of tennis. Many others from the sophomore and junior classes are also out for this spring sport.

CORRECTING FLAWS TAKES TIME

Macbeth thespians: A. Stevens, R. Everest, J. Geary, C. Elliot, J. Woelfel.

B. Paravicini, B. MacDonald, J. VanZandt, D. Wilkinson, J. Woelfel, P. Rose, J. Close are deeply engrossed in the parts of the skull.

Listening to the latest news are Camp, Rosenberg, Watkins, Price.

Investigating the mysteries of physics are J. Spitsbergen, E. Jordan, J. Powers, H. McGarry, and F. Mansure.

When it comes to airplanes, H. McGarry, H. Dunlap, C. Benner, F. Scherer, B. Brumbaugh know all the answers.

• The seniors, in their places of honor, spend a great deal of time in the famed senior hall, where they attend classes in mathematics, English, world affairs, and commercial subjects. In world affairs, the new compulsory course for seniors, would-be strategists survey the meaning behind the news and puzzle over problems, present and future. English IV is not a course comprised only of the principles of grammar and composition, but enchanting characters from fact and fiction delight every student. Any day you will find some of the seniors engrossed in the intricacies of shorthand and bookkeeping, while others eagerly seek to increase their typing speed. Still in the senior hall, we discover some classes untangling the mysteries of trigonometry and solid geometry, while others search for the elusive unknown in a course under the impressive title of College Algebra.

The junior hall has some seniors who struggle, groan, and complain over Virgil's descriptive "Aeneid," yet who thoroughly enjoy their class in Latin IV. Nearby, fellow sufferers marvel at the complexities of French with its idioms and tongue-twisting pronunciations. Not to neglect the sciences, we find the seniors, together with the juniors, busily engaged in discovering the magic of chemistry. In physics and advanced biology, the upper classmen hold full sway. One group performs intricate experiments and learns the laws which govern these reactions. The other group studies the realm of nature and seeks to discover the causes and purposes of the unbelievable miracles of nature.

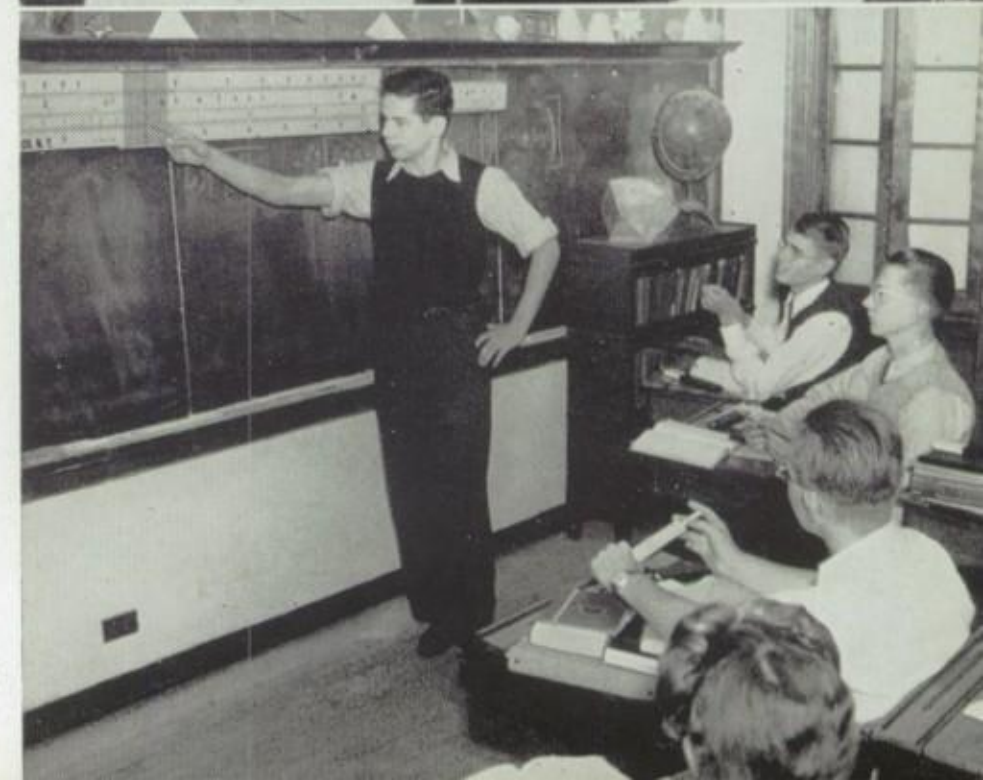

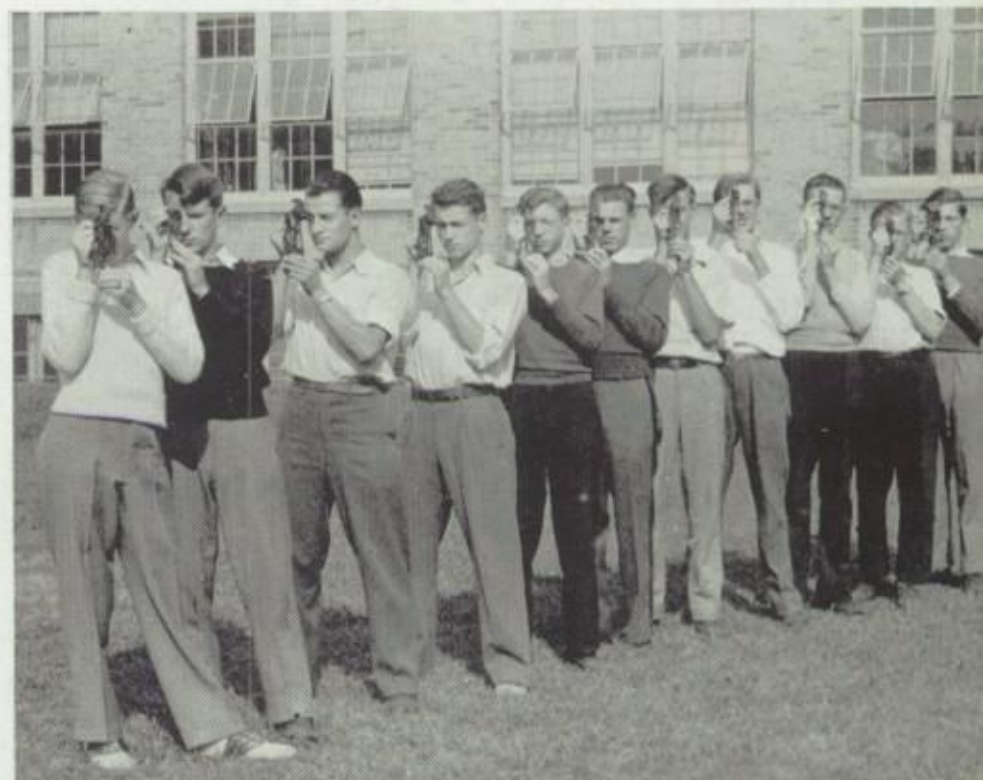

But do these lofty seniors bog down on such courses? No, they smile cheerfully and struggle on, for their motto will soon be, "Veni, vidi, vici," or "I came, I saw, I conquered."

Senior navigators: B. Dukes, C. Garabedian, B. Engle, R. Rebstock, W. Atkins, R. Winther, R. Gilmour, L. Ulfsparré, G. Bach, P. Hertl.

With ten fingers flying are, G. Morgan, M. Watts, Miss Lacy, T. Davis, B. McLaurine, L. Clauser, V. Braker, F. Mansure, C. Swingle, L. Lowry, A. Blythe, M. Reid, P. Bressler.

T. Tugend leads the trig. class. F. Mansure, L. Ulfsparré and B. Atwood follow closely.

USUAL PROCEDURES VARY

• June will see the close of one of the busiest years ever experienced by a senior class. Mr. Coronway has been their inspiring and untiring sponsor and through his guidance and under the leadership of the class officers, Ed Jordan, president; Elena Kolle, vice-president; Kay La Rouché, secretary; and Robert Lonergan, treasurer, many activities have been promoted. Their ranks have been greatly depleted by members entering the armed forces of our nation but, in true American fashion, others with equal ability have stepped forward to carry on and have proved their worth beyond question. The vivacious quintet of senior cheerleaders, Ann Boswell, Peggy Bressler, Jean Geary, Sara Price, and Shirley Sears, have furnished inspiration at all pep rallies and games throughout the year. Ruth Kusner received a trophy for her outstanding ability in hockey, and Jack Powers and Bill Beers won the coveted football trophies. Jean Geary was elected captain of the girls' varsity basketball team, and Bob Lonergan and Jack Powers were co-captains for the boys' varsity basketball team. The wrestling team this year has far surpassed any of the previous years, having won every meet. This team was led by Bruce Harlan and Eugene Troiano, co-captains. In the field of journalism, Emily Camp has been the outstanding senior with her work on the *Garnet and Gray*. In the musical department, Calvin Elliott ably led the band as drum major with Irvine Williams as assistant. Jimmy Taylor has been a rising star among vocalists. His rich tenor voice has been a big asset to the A Capella chorus. Jimmy is also a flutist in the orchestra. Many hours have been devoted by most seniors to the Victory Corps through

D. Dickerson makes a report to the Student Council while President Le Pard nods approvingly.

B. MacAlister, A. Valentine, W. Watkins, J. Joyce, J. Sheppard and L. Carney, prepare an appetizing meal.

M. Forsythe, D. DeBow, F. Purdy, D. Shell and J. Close work on their pottery while D. Dodd rolls clay.

P. Bressler, D. Betson and J. Albertson wait on students in the school store.

J. Jacobs and W. Atwood operate the movie machine for an assembly.

M. L. Rosenberg, A. Stevens, R. Everest, B. Shaw, E. Bunting and A. Fuller write songs for the War Bond drive.

IN FINAL STAGES

which they feel they have made a valuable contribution in serving their community. For many years all seniors have looked forward to the annual class trip, but following the precedent set by the class of '43, the class of '44 gave their pledges to buy War Bonds to help reach the quota for the Fourth War Loan Drive. To further promote the drive in the school, some of them made up patriotic words to a few of the currently popular songs. These furnished the theme for a most enjoyable assembly. The senior class sponsored two outstanding dances. The first was a Harlequin Dance given on Halloween night. The gym was gay with black cats and masks, and music was furnished by Chick Forrest's orchestra. Mr. Coronway's idea for the second dance was revolutionary. He suggested that since it was Leap Year, the theme could be a Sadie Hawkins Dance and the girls could ask the boys for dates. Cupids and cartoons of bashful girls and boys flanked the gym to create the right atmosphere, and the record crowd danced to the music of Johnny Clover's band. The traditional Senior Final finished the social whirl in grand style. The Senior Play is always a highlight of the year and with "Ring Around Elizabeth" as their vehicle they scored another triumph. With Anne Valentine carrying the leading role and Bea Fina furnishing the comedy, the entire cast and cooperating committees presented a play that will long be remembered. As the seniors leave Lansdowne High School, they carry with them the memories of countless happy days, full of worth-while accomplishments. To the superintendent, principal, teachers, and their beloved adviser, they express their thanks for the rich opportunities which have been theirs.

AGENT SAMPLE

Specimens of Quality

<i>President</i>	Ed Jordan
<i>Vice President</i>	Elena Kolle
<i>Secretary</i>	Kay La Rouche
<i>Treasurer</i>	Bob Lonergan
<i>Adviser</i>	Mr. Coronway

Talking over the Senior Dance are
Kay LaRouche, Elena Kolle,
Bob Lonergan, and Ed Jordan.

• The leaders of the seniors are the leaders of the school. Those who are chosen to guide the upper class through its hectic, final year are in a unique position. They are expected to handle with skill and despatch the many varied projects of the seniors. They are often called upon to represent the school officially. They are known to be the most outstanding members of their class. They are regarded by the underclassmen as minor dieties.

President Ed Jordan, Vice-president Elena Kolle, Secretary Kay La Rouche, and Treasurer Bob Lonergan are the choice of a sagacious class. In every instance the officers of "'44" have shown themselves superior. Confronted with the innumerable obstacles of wartime class management, they have developed wartime efficiency and pre-war quality. Beyond their immediate duties to the class, the senior officers have rendered immeasurable service to the whole school. They have upheld its integrity and increased its fame. Under their competent leadership the class has prospered. Bob Lonergan reports that the treasury is in good condition. This is due to the success of the dances they have given throughout their four years of high school. From the seniors and all other citizens of Lansdowne High there comes an overwhelming vote of thanks to the officers of the senior class.

DEMONSTRATES PRODUCT

• It is known to all that the work of a class sponsor is arduous; yet we can term the work done by Mr. A. Todd Coronway, adviser to the class of 1944, as little less than brilliant. The cardinal principle of Mr. Coronway's guidance is co-operation. He instills in the class, through his ready assistance and advice, a desire for mutual assistance and coordinated effort. Throughout the past four years he has utilized and encouraged every spark of originality or leadership in the class. Under his hand, the hidden abilities in his charges have constantly been developing. That "'44" dances have been among the most successful known to our school, must be attributed to Mr. Coronway, his clever ideas, his wise planning, and his able leadership. Indeed, behind all the class's many successful projects is seen the influence of this man. The title "Class Adviser" may often seem to connote endless and sometimes unappreciated labor, but Mr. Coronway has brought to it honor.

Mr. A. Todd Coronway,
Senior Adviser

During intermission at the Leap Year Dance E. Jordan, J. Albertson, S. Sears, and J. Eliason lounge near the bandstand.

R. Forrey, P. Bressler, R. Lonergan, S. Sears, and J. VanZandt try to escape the clutches of gas rationing.

Leading the assembly are W. Locher and P. Laws.

---	--	--

You didn't see the baseball coming so it hit you in the eye as you sat in the grandstand, and within two weeks, the cost of doctors', nurses', hospital and medical bills was \$400, which your parents were glad to pay.

But \$17.80 a year for a boy or \$13.95 for a girl would have bought insurance to reimburse them up to \$500 in any one accident together with other payments up to \$1,000 for specified injuries.

Whatever its purpose may be, any organization should hold close to its heart the interests of the school. Such groups will not say cynically, "What does the school do for us?" Instead they will say, "How can we contribute to the advancement of our school?" As a gesture of good faith, the above sororities of Lansdowne inscribe their names here and say, "We are with you, Lansdowne! May your satisfyin' Lahian be another All American."

THE HOME AND SCHOOL ASSOCIATION OF LANSDOWNE

- An important institution that has had a long and useful service record in the community.
- A joint endeavor of pupil, teacher and parent in the common cause of better education and better citizenship.
- A progressive program founded on the solid rock of mutual understanding.
